

Babst Calland and our affiliated Alternative Legal Service Provider, [Solvaire](#), are pleased to present PIPES TRACKER™ – the most comprehensive and easy-to-use pipeline safety regulatory database search and tracking tool available on the market today.

With PIPES TRACKER™ you can:

- √ Quickly search and identify cases, interpretations, and other guidance documents involving a particular citation
- √ Easily search and verify data for counsel, operators and consultants
- √ Track pipeline safety cases by citation, region, date, operator name, or current status

Unlike our competitors, PIPES TRACKER™ is:

- √ Fully keyword searchable
- √ Updated monthly
- √ Affordable
- √ The only pipeline safety regulatory database search and tracking tool developed, managed and operated by lawyers

Explore PIPES TRACKER™ today! Please contact Brianne Kurdock at (202) 774-7016 or bkurdock@babstcalland.com for a customized demonstration of PIPES TRACKER™.
